PRODUCT DESCRIPTION

Designer: Joanna Laajisto

Ihana LED Pendant Light by Marset

Designed by Joanna Laajisto, the Ihana pendant was created after she found that no lights fit into her new studio situated in a 19th century building in Helsinki. The pendant light combines old with new, made from a rigid black steel structure which contrasts with the ethereal opal glass lampshades. The fragile and industrial aesthetic of the Ihana, makes it universal, a timeless piece that will last for decades to come.

The Ihana pendant lamp is available with the choice of either 2 or 3 lights and 3 height measurements, 100cm, 150cm or 200cm so you can find the right function for your space. The pendant sits fixed in the ceiling and produces an effective and warm glow, perfect for ambience and as a main light. Use in homes, professional spaces and work interiors for a chic and stylish look that will remain contemporary.

PRODUCT SPECIFICATION

Light Source: (2 x or 3 x) 11.5W, 2700K, 1066 lumens

IP Code: 20
