PRODUCT DESCRIPTION

Designer: Neri&Hu

Artemide nh Suspension

The Artemide nh Suspension was designed by partners Lyndon Neri and Rossana Hu, who pride themselves on not conforming to a formulaic style. They aim to create meaning through their designs, which is done perfectly by the Artemide nh Suspension as it balances both tradition and innovation. These suspension lights create a stunning and striking effect individually but also complement each other perfectly as a cluster or pairing with other lights from the [nh collection](#).

The method of suspension makes the ceiling light appear almost weightless and delicate, whilst its materials create an industrial feel. With its brass metallic features and mouth-blown glass, this pendant light has a classic yet modern design. Lyndon Neri and Rossana Hu use their inspiration from oriental designs and contemporary fashion to create the Artemide nh Suspension.
