PRODUCT DESCRIPTION

Riddle Cluster Pendant Light by Bert Frank

The Riddle Cluster pendant is made up of either 3 or 5 of the Riddle pendants, available in a brass or black colour finish. The lampshades have a modern perforated style, with tiny holes allowing the light to escape outwards in an ambient way. The light also directs downwards, creating a handy illumination to brighten up your space.

The size and nature of the Riddle Cluster pendant lamp makes it perfect as a central light or as a decorative accent light in a corner or over a table. The cables of the pendant are also adjustable so you can stagger the individual pendants as you like to make the best use of your space. Use in homes and professional interiors and also alongside other lights from the [Bert Frank Riddle collection](#).
