PRODUCT DESCRIPTION

Parachilna Lighto C LED Ceiling Light

This Lighto ceiling lamp by Parachilna has a simplistic and minimalist design that uses the classic bell-shaped shade as a centerpiece. The metallic finish of the shade adds an elegant touch to this design as well as the sophisticated matt black wall mount. The designer of this shimmering Parachilna ceiling lamp is Jaime Hayon who is a Spanish artist and designer who is known for being at the forefront of a new wave in lighting design and art. His designs have been described as 'blurring the lines between art, decoration, and design'. This is clear in the design of the [Lighto collection](#) that features pendants, floor lamps and wall lights as well as these stunning ceiling lamps.
