PRODUCT DESCRIPTION

Designer: Arihiro Miyake

Nemo Lighting Drop 9 LED Suspension

Nemo Lighting Drop 9 Suspension is a magnificent design by Arihiro Miyake. This suspension uses the best of modern technology and innovation to create a truly alluring aesthetic. The suspension light is made from a slim aluminium structure manipulated into 9 concentric circles and straight lines to create a geometric marvel. The LED light strips sit seamlessly on this structure, producing a sophisticated and contemporary look.

The Drop suspension acts as a modern take on a chandelier and thrives in bigger areas to provide useful and mesmerising illumination. The subtle aluminium and black colour finish means the Drop can easily slip into any design scheme, whether used in the home, in a work setting or commercially in a restaurant. The Drop 9 suspension is available in three finishes and two smaller sizes.
