Aromas Del Campo Dalt Wall Light

The Aromas Del Campo Dalt Wall Light stands out due to its sophisticated combination of materials, it really is unique. The wall light is composed of two spheres, the opal glass shade and a sphere of polished marble. The opal glass diffuser projects an even light that is ideal for peacefully illuminating rooms, whilst the marble piece perfectly gifts a decorative touch. The simplicity of the opal glass is enhanced by the elegance of the marble.

The lower marble sphere is available in white, black, green, or brown whilst the structure of the Aromas Dalt is available in either black metal or aged gold. Aromas Dalt Wall Light attracts everybody's attention and is a perfect way to grant a touch of style to any environment, whether in residential or commercial settings.
