DCW editions Niwaki LED Table Lamp

The DCW editions Niwaki LED Table Lamp is an elegant lighting solution with a smooth and organic form. Designed by Studio BrichetZiegler, the duo took inspiration from nature; specifically from the Japanese pine tree of the same name. The BrichetZiegler studio carved this lighting object with mastery and precision, the Niwaki lamp appears to glide through the air and seems to boast an aerodynamic shade that levitates above your chosen surface - resulting in a beautiful task light.

The Niwaki LED Lamp by DCW editions emits an even illumination, deterring any glare and providing your space with a functional but pacifying light source. The lamp also retains an integrated dimmer, allowing you full personalisation of the light output; making it easy for you to guarantee the perfect ambience in your environment. Niwaki makes a gorgeous addition to a desk, a side table, a coffee table or even next to your bed.
