PRODUCT DESCRIPTION

Designer: Arihiro Miyake

Nemo Lighting Drop 5 LED Suspension Light

Nemo Lighting Drop 5 LED Suspension Light by Arihiro Miyake, is the smallest suspension from the Drop collection. The structure of the Drop 5 is suspended from 250cm by fine wires which creates the illusion of the frame to be floating in mid-air. The largest circle that is suspended is Ø27.5 cm in diameter.

The Drop 5 LED Suspension Light is available in three metallic colours. The smallest suspension looks innovative in a residential or commercial setting whether it's above a reception or a kitchen table or island. Arihiro Miyake has also worked on many other projects with Nemo such as [Kepler](#) and [In The Wind](#).
