PRODUCT DESCRIPTION

Designer: Rick Tegelaar

Nuura Sasi LED Wall / Ceiling Light

Nuura Sasi LED Wall / Ceiling Light is a sophisticated light that was designed by Rick Tegelaar in 2022. The classic wall and ceiling light has been designed with rounded edges and soft indirect illumination from the centre. Sasi Wall/Ceiling Light explores the play of light, with its glossy mirrored polished metal that shows the reflections of its immediate surroundings.

Nuura Sasi LED Wall/Ceiling Light could be used as a decoration as well as a functional light in the living room, stairway or hallway with its two colour options: silver and brass. The Sasi light is available in two sizes: small and large.

This light is non-dimmable as standard but can be made dimmable by the Dali dimming system on request. Please [contact us](#) for more information.
