PRODUCT DESCRIPTION

Designer: CTO Lighting

CTO Lighting Lucid Table Lamp

The CTO Lighting Lucid Table Lamp draws inspiration from Parisian Brasseries and utilises high-quality luxurious materials. Featuring a precision-engineered brass base, available in three finishes, and an alabaster diffuser the result is a warm ambient lighting solution that can be used in a variety of settings. Each of the Lucid Table Lamps is unique due to the detailing in the alabaster, and when illuminated the concealed light source highlights the intricate veining.

Lucid highlights a prominent attention to detail, and its sculptural silhouette portrays it almost as a work of art in your interior. The elegant CTO Lighting Lucid Table Lamp is perfect for adding a touch of luxury to living rooms, bedrooms, entryways and dining rooms. Display this unique lamp on side tables, bedside tables, and consoles for an inviting and cosy illumination. The two size options allow it to suit a variety of locations and the dimming ability further allows you to personalise the ambience of the room depending on your needs.
