PRODUCT DESCRIPTION

Designer: Meike Harde

Vibia Knit LED Floor Lamp

Designed by Meike Harde, the Vibia Knit Floor Lamp is a cosy lighting solution that will add comfort and a sense of familiarity to any interior. During the design process, Harde committed a great deal of time researching the fabric, and testing how light passes through different types of meshes to create the perfect ambience. The shade is crafted by complex machines using “technical knitting”, merging contemporary designs with the warmth of traditional materials. The material for the shade is then stretched over seemingly flattened spheres to achieve their unusual shape.

The Vibia Knit Floor Lamp exudes warmth and familiarity. Light seeps outward through the shade and downwards through a translucent screen, diffusing the light into a welcoming glow. The Earth tones of the shade work harmoniously with the light to create a comforting atmosphere. The Knit Floor Lamp is fitted with an integrated dimmer, allowing you to set the brightness to match the mood and atmosphere of your interior. Available in three sizes, the Knit lamp will fit into a range of interiors and is perfect for adding ambient lighting to bedrooms, living rooms, and communal spaces.

PRODUCT SPECIFICATION

Light Source: 39.5W, 2700K, 4740 Lumens

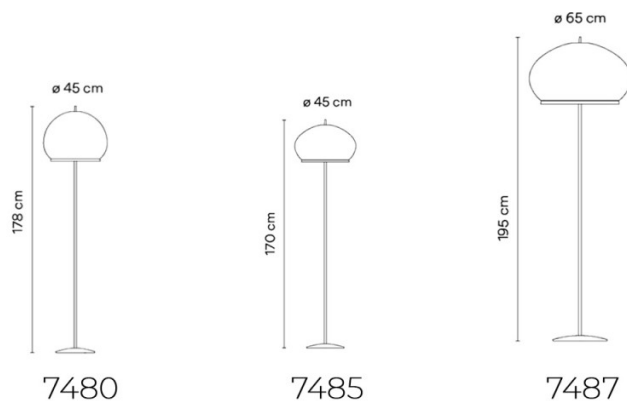

IP Code: 20

Dimming: Integrated dimmer on the product.

Dimensions: **7480**
Ø45cm
Height: 178cm
