PRODUCT DESCRIPTION

Designer: Tom Raffield

Tom Raffield Skipper Portable Lamp

The Skipper Portable Lamp is designed by Tom Raffield and expertly crafted from his Cornish-based studio. Each lamp is created using twelve individual, sustainably sourced pieces of oak or walnut timber. Oak, the lighter of the two, is a popular choice in home furnishings with its light tones making it a versatile option that suits a range of decors. Walnut is a darker wood that has deep, rich tones. When illuminated it glows golden, exuding warmth and a cozy ambience. The light source is encapsulated within the shade, bringing life to the piece. When illuminated, pockets of light are cast onto surrounding surfacing creating an intriguing display of light and shadows.

The Skipper Portable Lamp is supplied with a replaceable bulb and USB/ USB-C cable. Charge time is approximately 3-4 hours and when fully charged the battery has a life of 8 hours at maximum power. This increases to over 144 hours at low power. Hold down the integrated dimmer on the base to adjust light levels to suit your needs. The Skipper Portable provides a warm light, perfect on a bedside table or next to a sofa to add a soft and cosy ambience to the room.

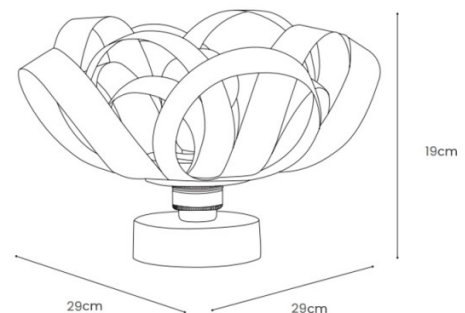

PRODUCT SPECIFICATION

Light Source: 1 x Max 1.5W E27 LED (Included)

IP Code: 20

Dimming: Integrated dimmer on the product.

Dimensions: Height: 19cm
Width: 29cm
Depth: 29cm
