Tala Core Recessed Spotlight

The Tala Core Recessed Spotlight is a versatile and adaptable lighting fixture, designed to provide gallery-grade illumination for both residential and commercial interiors. Featuring an adjustable head with a 90-360-degree rotation, this recessed fixture allows for precise directional lighting, making it ideal for accentuating artwork, architectural details, or key areas within a room. With its minimalist white powder-coated aluminium finish, the Core Spotlight blends seamlessly into ceilings, maintaining a discreet yet highly functional presence.

This GU10-optimised spotlight offers flexibility in bulb selection, ensuring an easy replacement process without the need to remove the entire fixture. Its recessed with trim design ensures a clean and modern aesthetic, making it well-suited for contemporary interiors where subtle yet effective lighting is required. With a high CRI, the spotlight provides accurate colour rendering, enhancing the appearance of illuminated spaces and objects.

Designed for interior use, the Core Recessed Spotlight is IP20-rated, making it suitable for dry environments such as living rooms, offices, galleries, and retail spaces. Whether used as focused task lighting or to create ambient highlights, this adjustable spotlight delivers precision illumination with a refined, contemporary aesthetic.

Please Note: 2200K and 2000-3000K Dim to Warm versions are also available, please [contact us](#) for more information and pricing.
