PRODUCT DESCRIPTION

Designer: Bert Frank Design Team

Bert Frank Riddle Double Floor Lamp

The Riddle Double Floor Lamp is a considered evolution of Bert Frank's iconic Riddle design, offering dual light sources in a slim, modern profile. Two machined-brass perforated shades, each lined with a soft fabric insert, produce a warm directional glow. The twin arms can be individually articulated through 270 degrees and adjusted in height via twist-and-lock mechanisms, offering versatile positioning for reading or accent lighting.

Constructed from premium solid brass with a powder-coated base for weight and stability, the lamp embodies the refined industrial elegance central to the Riddle collection. Perfect for larger spaces, seating areas, or interior projects requiring adaptable illumination with visual balance.
