PRODUCT DESCRIPTION

Designer: Maria Berntsen

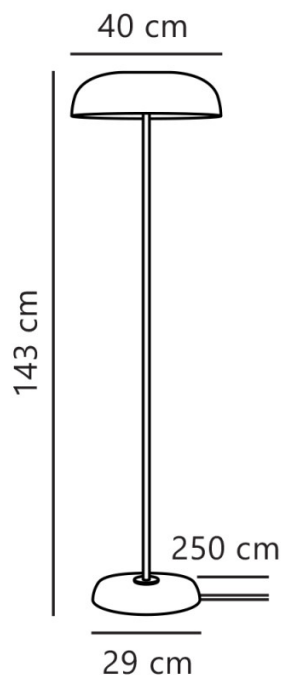

Design For The People Glossy Floor Lamp

Taking its name from the shiny surface of the glass shade, the Design For The People Glossy Floor Lamp is the definition of sophisticated design. Designed by Maria Berntsen, this elegant floor lamp is crafted from a combination of exclusive materials, including marble, brushed brass and opal white glass. A slender silhouette brings all of these materials together, and the finished product is a perfect embodiment of Nordic minimalism.

The curved shade of the Design For The People Glossy Floor Lamp diffuses the inner light source, resulting in a soft illumination that creates perfect accent lighting in living rooms, bedrooms, dining spaces and entryways. This lighting solution can be used independently or alongside other designs in the [Glossy Collection](#).

Please Note: Due to the unique nature of the marble, lines, colours and patterns may vary from lamp to lamp. This is part of the charm of working with natural materials.

PRODUCT SPECIFICATION
