PRODUCT DESCRIPTION

Designer: Lee Broom

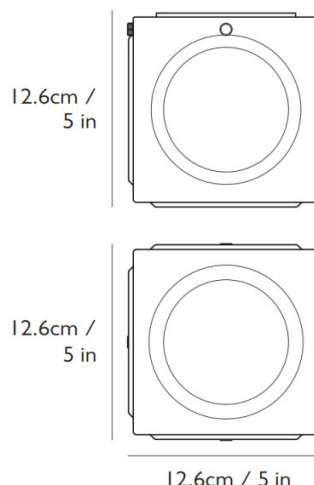

Lee Broom Chant Wall Light

Inspired by the pressed glass bricks found in places of worship during the 1970s, the Lee Broom Chant Wall Light offers a striking balance of heritage form and contemporary finish. Each cube is mouth-blown and detailed with a central circular indentation on all faces, casting sculptural shadows and softly refracted light. This version features a flush surface-mounted plate in brushed gold or silver, designed to elevate residential and hospitality spaces with quiet elegance.

The Chant Wall Light is powered by an energy-efficient LED bulb and is dimmable, measuring just over 12 cm in all dimensions, it maintains a compact footprint while delivering a warm, ambient glow. Suitable for hallways, stairwells, feature walls and intimate corners, its subtle depth and textural quality bring both structure and softness to the spaces it inhabits.
