PRODUCT DESCRIPTION

Designer: Dimitri Bähler

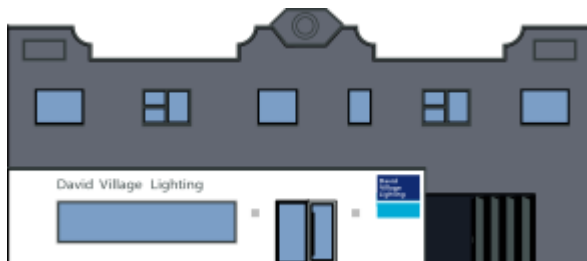

Muuto Looped IP44 Wall / Ceiling Light

The Looped Wall/ Ceiling Lamp was designed to highlight ambient lighting, allowing it to set the tone for any space. Switzerland-based designer, Dimitri Bähler, created the lamp with three-layered, mouth-blown glass to create a gentle 3D halo effect that appears different depending on the angle it's viewed from. When illuminated, the glass diffuses light into a warm glow, creating a tranquil and cosy ambience. The sleek and uncluttered profile is free from any unnecessary details, giving the lamp a timeless and elegant aesthetic.

With an IP rating of 44, the Looped Wall/ Ceiling Lamp is designed to handle humidity and light splashes, making it perfect for use in a bathroom or wet room. The LED is user-replaceable, adding to the long-lasting nature of the lamp. The quiet and yet efficient presence of the Looped lamp, paired with its ambient lighting, refines hallways, bathrooms, and bedrooms. An [IP20 version](#) with an inline dimmer is also available.

PRODUCT SPECIFICATION

Light Source: 28W, 2900K, 1600 Lumens**IP Code:** 44**Dimming:** Dimmable via mains phase dimming.**Dimensions:** Ø35cm
Depth: 6cm
