PRODUCT DESCRIPTION

Designer: Neil Poulton

Artemide Alambicco LED Vertical Suspension

The Artemide Alambicco LED Vertical Suspension is inspired by the traditional Balloton technique, utilising artisanal craftsmanship to celebrate the beauty of blown glass. Designer Neil Poulton uses a deceptively simple-looking design that employs transparency and texture to shape and diffuse light. When illuminated, the textured glass diffusers scatter light into a subtle play of light and shadow that covers the shade. An internal glass cylinder refracts the view of the internal components without completely hiding them. The diffused light is soft and glare-free, perfect for ambient lighting in a sitting room, dining room, or entrance hall.

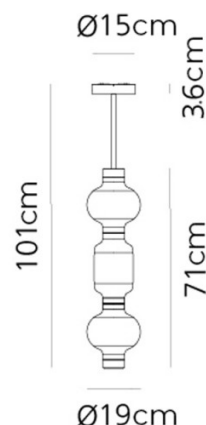

The Alambicco Vertical is available in two sizes: Small, with three glasses, and Large, with five glasses. Choose the size to suit your interior or, for larger displays, mix and match clusters of both sizes for a captivating display that is bound to draw the eye. The Alambicco's sleek and uncluttered design suits minimalistic and contemporary interiors, blending seamlessly into residential and commercial settings alike.

Please Note: As well as being dimmable via Dali and Push to Make dimming systems, the Alambicco can be Artemide App enabled, allowing you to control dimming settings via Bluetooth. [Contact us](#) for more information.

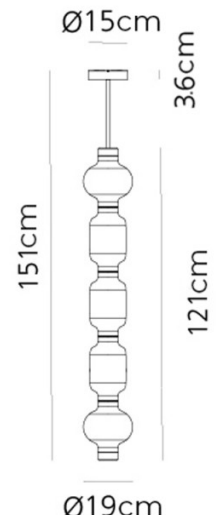

PRODUCT SPECIFICATION

Light Source:	Small: 45W, 3000K, 1690 Lumens Large: 45W, 3000K, 3100 Lumens
IP Code:	20
Dimming:	Dimmable via Dali dimming systems / Push to make/ switch dimming, dimmable using push to make switches. Please consult your electrician, additional wiring may be required on site.
Dimensions:	Small: Ø19cm Shade Height: 71cm Total Height: 101cm Ceiling Canopy Ø: 15cm Large: Ø19cm Shade Height: 121cm Total Height: 151cm Ceiling Canopy Ø: 15cm

Small
