PRODUCT DESCRIPTION

Designer: Federico Peri

Fontana Arte Fontanella Suspension

Fontanella by Federico Peri pairs metal and borosilicate glass in a refined composition that celebrates Fontana Arte's glassmaking heritage. The diffuser is formed from two expertly joined elements, an inner sandblasted tube and an outer blown bubble, hand united so light moves from soft opacity to crystalline clarity. Suspended on a discreet steel cable with a matching metal rose, the pendant delivers a calm, evenly diffused glow that is comfortable above dining tables, kitchen islands and reception counters.

Available in two sizes, small with an E14 lamp and large with an E27 lamp, Fontanella offers control over colour temperature and output through the choice of replaceable bulbs. Satin Brass brings warmth to timber and stone schemes, while Glossy Black adds graphic definition in minimal interiors. Use singly for a quiet statement, or align multiples to create a clean linear rhythm across hospitality and residential settings.
