PRODUCT DESCRIPTION

Designer: Poul Henningsen

Louis Poulsen PH 1/1 Chandelier Centenary Edition

To commemorate Poul Henningsen's 100th anniversary of his renowned System PH, Louis Poulsen introduces the PH Centenary Collection. This includes the reintroduction of the PH 1/1 Chandelier, first launched in 1933 and known as the Bombarement Chandelier. The Centenary Edition is made of aged brass with delicate hairlines, adding a unique vintage appeal to any environment.

The PH 1/1 Chandelier is available with 3, 6, and 9 arms, which feature the iconic PH tiered shades. Each shade is crafted from mouth-blown layered opal glass. When illuminated, the opal shades diffuse light into a soft, ambient glow while the white underside effectively reflects light downwards. With an elegant profile, the PH 1/1 Chandelier offers a sculptural presence, even when not in use. This makes it perfect for use above a dining table, or in a stairwell or entrance hall for an eye-catching display that creates a warm and welcoming atmosphere.

The Louis Poulsen Centenary Edition of the PH 1/1 is available in limited numbers: 200 pcs of the 9-armed, 400 pcs of the 6-armed, and 1000 pcs of the 3-armed. Each chandelier is engraved with a unique production number to ensure you have a truly one-of-a-kind piece.

PRODUCT SPECIFICATION
