Lodes Non Random LED Pendant

The Lodes Non Random Pendant resembles the form and lightness of soap bubbles, crafted from blown glass in a variety of striking finishes. Choose from: Clear, Deep Azure, Glossy Bronze, Glossy Smoke, Golden Sage and Mandarin Orange. This luminaire is also available in three sizes (33, 38 and 43cm), which refer to the diameter of the shade.

Hidden inside the glass sphere of the Lodes Non Random, a high-output LED light source ensures effective and evenly dispersed illumination. For this reason, it's an exceptional choice for any contemporary space that requires an overall glow, a great addition to living areas, dining spaces, offices and kitchens. Non Random can be installed independently, in multiples and even in cluster configurations, paired with a multi-canopy for a seamless look.

Please Note: The Lodes Non Random Pendant comes with a white ceiling canopy as standard. Other finishes are available; please [Contact Us](#) for further information and pricing.
