PRODUCT DESCRIPTION

Designer: Porta Romana Lighting

Porta Romana Mollusc Wall Light

The Porta Romana Mollusc Wall Light brings sculptural warmth and organic texture to the wall, with a gently undulating hand-cast form inspired by natural shell-like shapes. Finished in Autumn Gold with a Bright Gold interior, it reflects a soft, uplifting glow that adds depth and atmosphere to hallways, bedrooms, living spaces and intimate hospitality settings.

Crafted from cast composite, the Mollusc Wall Light combines Porta Romana's decorative craftsmanship with a compact, versatile profile. Its warm metallic finish and softly lit interior make it ideal as an accent light, offering both visual interest and a welcoming ambient effect.

The Porta Romana Mollusc Wall Light can be painted in alternative finishes. Please [contact us](#) for more information.
