PRODUCT DESCRIPTION

Designer: Teruhiro Yanagihara

&Tradition Numbra LED Portable Lamp

The &Tradition Numbra LED Portable Lamp brings Teruhiro Yanagihara's linear Numbra design into a smaller, rechargeable form that can be moved around the home as needed. Like the suspension light, it combines lacquered solid oak with tumbled aluminium, with a sand-blasted acrylic diffuser forming part of the compact cylindrical design.

A three-step integrated dimmer gives a choice of 100%, 50%, or 20% brightness, making it easy to reduce the light for evenings or increase it when a little more illumination is needed. Once fully charged, the battery provides up to 10 hours of use at the highest light setting. Its compact size makes it useful on dining tables, bedside tables, shelves, and side tables, without requiring a nearby socket while in use.

The Numbra TY3 is supplied with a 200cm magnetic USB-A charging cable and takes approximately eight hours to charge. Its IP44 rating provides additional protection against splashing water, while both the battery and LED unit are available as replaceable spare parts from &Tradition. Most suited to dining areas, bedrooms, living spaces, and other indoor settings where a rechargeable light can be moved between different positions.

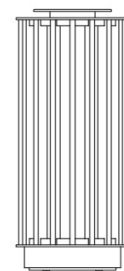

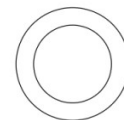

PRODUCT SPECIFICATION

Light Source: 3.5W, 2700K, 270

IP Code: 44

Dimming: Integrated dimmer on the product.

Dimensions: Height: 25.5cm
Shade: Ø11cm

H: 25.5 cm / 10.04 in

Ø: 11 cm / 4.33 in
