PRODUCT DESCRIPTION

Designer: Simon Legald

Normann Copenhagen Hinx Lamp Pendant

Inspired by childhood memories, the Hinx Lamp strikes a balance between calm, refined presence and a sense of playfulness. Designer Simon Legald reinterprets familiar childhood forms, resulting in a pendant that appears both nostalgic and contemporary. An opal glass sphere pairs with a solid, colourful ring crafted from tinted, unsaturated polyester resin.

When illuminated, the Hinx Lamp Pendant produces a diffused, even light that fills the surrounding space with a warm and atmospheric glow. Display above a dining table, kitchen island, or coffee table for a graphic feature in the space. The resin rings are available in three finishes: Dark Brown, Burgundy, and Sand. These bold colourways contrast against the delicate glass shade, creating depth and a splash of colour for a sculptural aesthetic.

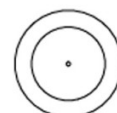

PRODUCT SPECIFICATION
