PRODUCT DESCRIPTION

Designer: Sir Kenneth Grange

Anglepoise Type 80 T1 Table Lamp

Part of the [Type 80 Collection](#), the Anglepoise Type 80 T1 Table Lamp brings the range's distinctive graphic profile into a compact, versatile design. Defined by sleek geometric lines, it combines contemporary style with practical functionality. A conical aluminium shade, slim steel arm, and weighted steel base create a clean, simple silhouette that blends seamlessly into modern interiors.

The Type 80 T1 Table Lamp produces functional task lighting along with the Type 80's signature halo light effect for added ambience. Featuring a spring joint at the shade, users can direct light precisely where required for reading, working, or everyday tasks. Place on a bedside table, on a work desk, or beside a sofa for a versatile task light that adds warmth to the surrounding space. Available in four sophisticated finishes, Matte Black, Grey Mist, Pale Putty, and Pale Putty & Opal Glass, the Type 80 T1 adds a refined presence that complements both residential and commercial interiors.
