PRODUCT DESCRIPTION

Designer: Graypants

Graypants Scraplights Hive Pendant

The Graypants Scraplights Hive Pendant utilises a unique silhouette, crafted from recycled corrugated cardboard. Its layered honeycomb form balances decorative presence with functional light, making the cardboard structure part of the atmosphere. The inner light source is softly diffused through the material and creates a warm and cosy ambience, while the angled opening of the shade allows you to direct the illumination for added directional lighting.

Available in three natural colours and three sizes, the Scraplights Hive Pendant is a perfect choice for bedrooms, living rooms, cafes and restaurants. It can be displayed individually or in a cluster of varying sizes to form a dramatic lighting installation. The Hive can also be paired with other shapes, sizes and colours in the [Scraplights Collection](#).
