PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

Kartell Charles Ghost Stool

The Kartell Charles Ghost Stool brings back memories of the classic 19th-century stools with a modern twist. They are made of a single block of polycarbonate, a material classed as indestructible, allowing you to use the Charles Ghost everywhere. Suitable for both indoor and outdoor use as well as in private or commercial settings.

This stool collection is available in three heights (75cm, 65cm and 46cm) and comes in a range of transparent and matt colour options. The stools look marvellous next to your counter or kitchen bench and add a contemporary touch to any interior. The Charles Ghost is also ideal for commercial settings as its modern and colourful qualities allow you to create your own chromatic mixtures and bring colour into the space.

Please Note: Due to the packaging process, Charles Ghost stools are sold in pairs of the same colour.
