PRODUCT DESCRIPTION

Designer: Eugeni Quitllet

Light Air Table Lamp by Kartell

A 2013 design that met great success and was designed by Eugeni Quitllet for Kartell. The Light Air small table lamp is an essential, contemporary designer light. Eugeni designed the table lamp using two pieces of polymethacrylate, the most transparent plastic available, a technology used for car headlights. The lampshade itself is a conically shaped parabola that diffuses the light downwards as well as within the structure.

The Light Air table light is available with a sculptured, crystal like lampshade available in 5 colours or you can select the soft fabric version, with a pleated effect in beige, blue or pink. The collection now includes a [pendant light](#) and a [wall light](#).

PRODUCT SPECIFICATION

Light Source: 1 x 5W E14 LED (included)

IP Code: 20

Dimensions: 17 cm width
32 cm height
14 cm depth
