Fontana Arte Blom Table Lamp

Designed in 2013 by Norwegian designer Andreas Engesvik, the Blom Table Lamp is a compact and playful piece that brings both function and charm to any space. Reflecting Engesvik's knack for infusing personality into practical objects, Blom's design takes inspiration from flower petals, with rotating "petals" that can be adjusted to control light diffusion and minimise glare. The Blom is available in a vibrant range of colours, from subtle tones to bold shades, including white, blue, dark grey, yellow, violet, green, and pink.

The lamp's petals, which surround the light source, can be manually aligned to alter brightness, making Blom a versatile choice for side tables, bedside lighting, or as an accent piece in any room. Despite its petite size, the Blom table lamp provides a soft, diffused glow that's ideal for ambient lighting or reading.
