PRODUCT DESCRIPTION

Designer: Alex Fernández Camps & Gonzalo Milá

Garota S/01 LED Outdoor Pendant Light by Bover

Designed by Alex Fernández Camps & Gonzalo Milá in 2015, the Garota LED outdoor pendant is a wonderful choice for outdoor spaces with an overhead structure in both homes and commercial settings to provide a warm light as the sky gets darker. Inspired by the aesthetic of a sea urchin, the shade resembles it with a textured, woven material and a spherical shape. The pendant comes with an integrated LED light which is encased in a white globe that both creates a soft, diffused glow and protects it from the elements.

The Garota LED exterior pendant is **available** in with either a **graphite brown** or **natural white ceiling rose finish** and you can also choose between a **ivory white** or **brown lampshade**. Made from environmentally friendly materials, this pendant light is truly an effective and sustainable choice and will add a natural and stylish touch to your exterior.
