Planet Low Table Lamp by Kartell

The Planet Low Table Lamp for Kartell was designed by Tokujiin Yoshioka and is part of a family of lamps. A slightly elliptical diffuser, this low table lamp has a reflective surface, creating a crystal illusion and wonderful glow.

Available in three colours, crystal, smoke and yellow, the low table lamp can sit nicely on any table/desk or can be put on the floor to create a decorative yet functional lighting display. To create an even more dynamic design scheme, pair the low table lamp with other lamps from the [Planet collection](#).
