Mantis BS1 B Floor Lamp by DCW éditions

The Mantis BS1 B floor light is a variation of the [Mantis BS1](#), having a round base instead of a tripod base for a smaller footprint. The BS1 B retains all the functionality of the BS1, as the user can move the stem into 4 positions, can rotate it 360° and move the lightshade to direct the light where needed.

Designed by Bernard Schottlander, the Mantis BS1 B floor lamp is an iconic and classic light that can be used in many settings for both a nice ambience and practical purposes. Available in a black satin finish, this floor light can slip into any design scheme and will provide a wonderful and stylish aesthetic.
