Moooi Farooo Floor Lamp

The Farooo Floor Lamp gets its name from the Italian word for lighthouse, 'Faro'. Designer Marcel Wanders took inspiration from the imposing shape of a lighthouse and the intense, guiding light that it produces. Wanders' designs often have a theatrical element, as well as a remarkable use of space and textures. This design philosophy is reflected in the Farooo Floor Lamp, which leaves a lasting impression on the viewer.

The Farooo Floor Lamp is available in three sizes to suit a range of spaces. When lit, the shade guides light in an upward and downward directional glow. With each lamp holding two light sources, the Farooo emits a bright and functional light. An in-line dimmer included on the cable allows the user to adjust the intensity of brightness to suit any environment. With its eye-catching, dynamic presence, the Farooo Floor Lamp is well-suited to living rooms and dining rooms. In commercial spaces, the Farooo is perfect for adding a touch of character to hospitality spaces such as hotel lobbies, contemporary bars, or cafes.
