PRODUCT DESCRIPTION

Designer: George Carwardine

Anglepoise Original 1227 Mini Ceramic Wall Light

The Anglepoise Original 1227 Mini Ceramic Wall Light is a directional wall light that exudes simplicity and elegance. The lamp features the same compact form as the [Original 1227 Mini Wall Light](#), reimagined with a bone china shade. The glossy shade is complemented by chrome-plated fittings, which add to the lamp's decorative appearance.

With a beautiful bone china shade that is adjustable, the ceramic wall light turns translucent when switched, casting a warm and atmospheric glow. Well suited in both work and home settings, the 1227 Mini Ceramic wall lamp looks best along corridors or in an intimate space to create a pleasant ambience. With a new square wall plate compared to the usual circular base of Anglepoise's wall lights, this light also looks chic and modern, proving to be a completely timeless yet contemporary light that will impress all that encounter it.
