1x White Available.**

The smaller, ceramic version of the Anglepoise Original 1227 pendant, the Original 1227 Mini Ceramic pendant light, is a more elegant and compact light, getting its shade shape from the classic 1935 Anglepoise lamp design.

Emanating a pleasant glow, the shade is made from bone china, turning translucent when switched on to provide a chic and timeless pendant. Suitable in commercial and home environments, the 1227 Mini Ceramic pendant looks best as a singular light above a small table or lined with multiple to create a lovely light display in dining or kitchen areas. To create a real impact, match with other lights from the [Anglepoise Mini Ceramic collection](#) to make your room have a sophisticated touch.
