PRODUCT DESCRIPTION

Designer: Lucie Koldova

Brokis Mona LED Wall Light

The Brokis Mona LED Wall Light is a refined addition to any interior, offering a minimal yet decorative glow. Designed by Lucie Koldova, this light balances sculptural presence with technical sophistication. The LED tube source is embedded within a curved hand-blown glass shade, supported by a sleek metal fixture. Together, these elements reflect the Mona collection's signature aesthetic, where contrasting materials are brought into harmony through craftsmanship and engineering.

Offered in two sizes and multiple finishes, the Mona Wall Light is ideal for hallways, living rooms, bedrooms, or hospitality environments. Its integrated dimmer, discreetly located in the lower part of the mount, makes it easy to tailor the light to your desired setting, whether for ambient warmth or functional clarity.

Alternative colour temperatures are available, please [contact us](#) for more information and pricing.
