PRODUCT DESCRIPTION

Designer: Ferruccio Laviani

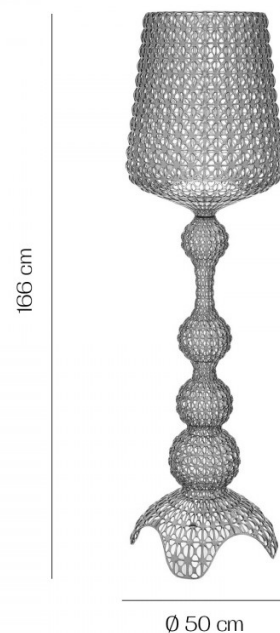

Kabuki Outdoor LED Floor Lamp by Kartell

The outdoor alternative to the original [Kabuki Floor Lamp](#). Identical to its indoor cousin in all but IP Rating, Kartell have once again used their ever-evolving injection-moulding technology to create the distinct lace-like diffuser that is the signature of the [Kabuki Collection](#).

Designer Ferruccio Laviani is known for combining modern and baroque design elements to produce versatile lights which fit just as well into any setting (see his [Planet Floor Lamp](#)) and this lamp is no different. Its curved, ethereal, almost anthropomorphic shape and intricate, embroidered texture contrast with the state of the art construction process required to create it to ensure that it is the ideal feature lamp for both classical and contemporary environments, while its integrated LED light source is fully-dimmable and produces a warm, ambient glow which is perfect for illuminating any outdoor space, including pool areas, gardens, and restaurant or hotel exteriors.

The Kabuki Outdoor Floor Lamp is available in 5 transparent or opaque colour options. There is also [the original indoor version](#), while the wider collection includes both [a suspension](#) and [a mini table lamp](#).

PRODUCT SPECIFICATION

Light Source: 19W, 2700K, 2289 lumens**IP Code:** 44**Dimming:** Integrated touch dimmer included on product.**Dimensions:** 166 cm height
Ø 50cm
