PRODUCT DESCRIPTION

Designer: Daniel To and Emma Aiston

Cherry LED Pendant Light by Petite Friture

The Cherry pendant was designed by the design duo Daniel To and Emma Aiston and is a minimalist and stylish piece. The lampshade is defined by its triangular shape and intriguing sphere that sits beneath, which allows the light to be directed downward. The light is also diffused, creating a warm glow in the room.

The pendant light can be used in many settings, such as dining areas for hanging over tables or in lounges as a general light to provide a welcoming atmosphere. The Cherry pendant light is available in 2 colours, black & rainbow or white & gold. The combination of colours is captivating and the interesting aesthetic means it will catch the eye in any interior. Available in 3 sizes, this pendant will serve many functions whilst providing a contemporary and modern look.
