PRODUCT DESCRIPTION

Designer: Norm Architects

Audo Copenhagen Carrie LED Portable Table Lamp

**BRAND NEW, DISCONTINUED, BOXED IN A-GRADE ORIGINAL PACKAGING.
1 x Brass Available.**

The Carrie table lamp was designed by Norm Architects, a studio that bases their designs in Scandinavian traditions. Embodying simplicity, refinement and minimalism, this table lamp truly captures Scandinavian design with a blown glass lampshade and a sleek metal structure. The shade conceals the light source, creating a warm, diffused glow that creates a gorgeous atmosphere, epitomizing Hygge which is a term describing the concept of cosiness and contentment.

The Carrie portable table light is made with a handle giving ease of use, being able to carry the light from one place to the next for a handy and ambient illumination in any space. The table light also comes with a dimmer switch and can provide 10 hours of light when fully charged using the included Micro USB charger cable. The Carrie LED table light is the perfect choice for a wide variety of settings for versatility and comfort.
