### Orsjo Belysning Pebble Plumb Suspension Light

The Plumb Pebble suspension light is made from hand blown glass, ensuring each light is unique. Designed by Joel Karlsson, this truly is a statement piece. Karlsson drew inspiration from French designer, Serge Mouilles. The glass emits an atmospheric and glimmering blanket of light - great for dining areas and even hotel lobbies.

These lights look great either independently or clustered together as a group, you can play with both colour and shape to create a personalised feature. Hung at different heights, the two colour options compliment each other beautifully.
