PRODUCT DESCRIPTION

Designer: Pierre Guariche

Sammode Studio Pierre Guariche G13 Ceiling Light

Designed by Pierre Guariche in 1952, the G13 ceiling light by Sammode Studio is equally as functional as it is aesthetically pleasing. The perforated metal Grille and Fresnel glass give the G13 a diffused, soft and ambient light output making it perfect for a number of uses including in the bedroom, and office or even the kitchen.

Pierre Guariche's iconic designs have stayed true to their original identity, remaining functional and giving an appropriate light for their intended use. The high quality manufacturing remains as all Sammode Studio products are assembled and packaged at their Châtillon-sur-Saône production plant in the Vosges region of France.

Available in three colours and three sizes, the G13 ceiling light can be used individually or as a series of lights to create a unique composition.

PRODUCT SPECIFICATION

Light Source: 1 x Max 11W E14 LED (excluded)
