PRODUCT DESCRIPTION

Designer: Massimo Minale

Buster and Punch Caged 1.0 Large Ceiling Light

A larger variation of the Caged 1.0 Ceiling/Wall Light, this lighting solution by Buster and Punch is designed with the unique and technologically advanced Buster Bulbs in mind. The Buster bulb is unique to the company, featuring LED technology which is designed to last 27 years. Another industrial design by Massimo Minale, the Buster and Punch Caged 1.0 Large Ceiling Light was inspired by the structured London skyline, utilising a matt black metal frame which encases the light source. Meanwhile, the backplate is crafted from high-quality marble and is easily interchangeable, offering easy personalisation.

Ideal for use in social spaces such as the living room or kitchen, the Buster and Punch Caged 1.0 Large Ceiling Light is fully dimmable (when connected to an LED-capable dimmer) and can be used as a statement piece on its own or with other Caged lights to create an industrial yet stylish lighting centrepiece.
