PRODUCT DESCRIPTION

Designer: Massimo Minale

Buster and Punch Heavy Metal Chandelier

The Buster and Punch Heavy Metal Chandelier was designed by Massimo Minale to be a true show-stopping lighting feature in your space. With multiple configurations, the Heavy Metal chandelier can be adapted to suit any style of interior and has an industrial feel yet provides a cosy and warm light, making this chandelier perfect for intimate areas as well as large open spaces. This makes the chandelier perfect for both residential and commercial environments.

The Heavy Metal Chandelier is available with 10, 19, or 31 pendants, either in cascade or classic surface-mounted canopy. As with the [Heavy Metal pendant](#), Buster and Punch have given the choice of four detail colours, including steel, brass, black, or smoked bronze. Choose from either crystal, gold, or smoked Buster Bulbs, which are now made from Polycarbonate, to complete the chandelier.
