PRODUCT DESCRIPTION

Designer: Rodolfo Dordoni

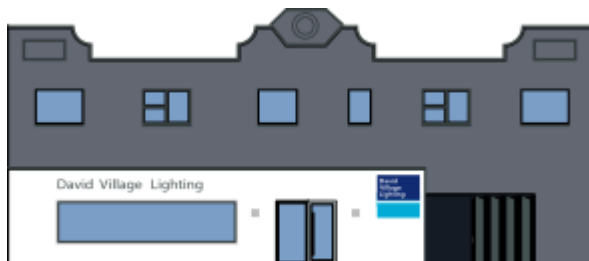

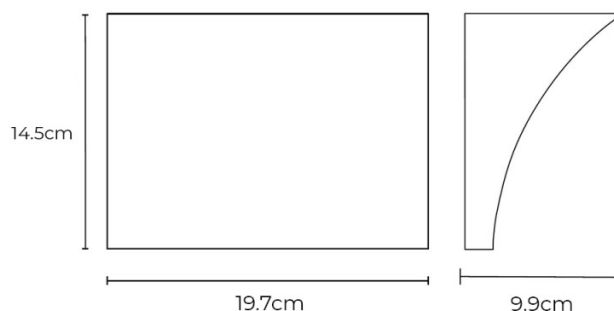

Flos Pochette LED Up/Down Wall Light

Designed by Rodolfo Dordoni for Flos, the Pochette LED Up/Down Wall Light is a wall sconce providing both upwards and downwards light emission. Like many Dordoni designs, simplicity is at the heart of the design of the Pochette; the minimalistic form of this wall lamp allows it to seamlessly blend into a multitude of settings, both residential and commercial.

The Flos Pochette Up/Down LED Wall Light is crafted from pressure die-cast Zamak alloy and is available in a grey, white or chrome finish. The moulded steel, galvanised white wall attachment contains the wall attachment system as well as the electrical devices. Creating a cosy atmosphere, use the Pochette LED up/down to light hallways, living areas and bedrooms.
