PRODUCT DESCRIPTION

Designer: Charlotte Perriand

Applique à Volet Pivotant Wall Light by Nemo Lighting

The Applique à Volet Pivotant wall lamp was designed by the iconic Charlotte Perriand. Combining functionality with chic and vintage design, this wall light has a simple rectangular silhouette that has a single colour on the front. The light bulb sits behind the front and reflects off the wall to create a warm ambience. The front can also open so you can slightly direct the light flow to create a bigger illumination.

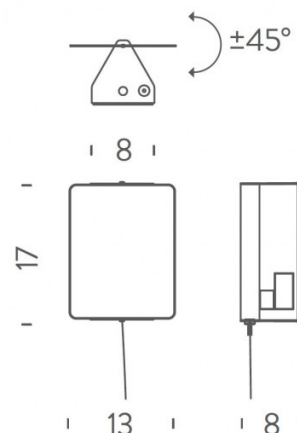

The Applique à Volet Pivotant wall light is available in 6 colour finishes allowing you to find the right look for your interior, whether you want a pop of colour or a more subtle finish. Suitable for many spaces, you can use alone in smaller rooms or in multiple for larger settings. You can also match with others from the [Nemo Lighting Applique à Volet Pivotant collection](#) for a consistent lighting scheme.

This version of the Applique à Volet Pivotant comes with a cable and plug, so needs to be installed near a socket. Check out the rest of the range for different versions with direct wall installation and with an LED light source.
