PRODUCT DESCRIPTION

Designer: Omer Arbel

Bocci 16 Series Armature Suspension Light

The Bocci 16 Series Armature Suspension has a branch-like aesthetic, boasting a steel structure that houses numerous poured glass shades that resemble leaves. Each lampshade is created by pouring molten glass in three layers on a horizontal plane, making a truly unique piece as each layer mixes together. The structure is made from metal and has sleek stems for a natural and authentic look.

The 16 Series Armature Pendant Light is available in a wide range of sizes and versions, from pendants with 5 lights up to 26 lights available. The suspension is also available with 4 different glass colours: grey 1, grey 2, white 1 or white 2. You can use the Bocci 16 Series Armature Suspension Light in a variety of settings, with it making a statement in atriums, dining areas, reception spaces and restaurants, providing an evenly diffused overall illumination.
