PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Giancarlo Fassina

Artemide Tolomeo Faretto Wall Light

Artemide Tolomeo Faretto Wall Light places the Tolomeo head directly onto a wall mount, keeping it free to move in any direction. Designed by Michele De Lucchi and Giancarlo Fassina, it carries the balance between functionality and aesthetics that has defined the Tolomeo collection since 1987.

The Faretto is a simpler arrangement than the arm versions. The head is fixed to the wall support, but it can still be aimed for reading, work surfaces, or more localised light. This page includes Tolomeo Faretto and Tolomeo Micro Faretto, with switched and unswitched versions.

Artemide Tolomeo Faretto Wall Light comes in Aluminium. The standard size gives a little more projection from the wall, while the Micro keeps the fitting smaller. Best suited for bedside tables, reading chairs, hallways, kitchen worktops, desks, and other places where a small adjustable wall light is more practical than a table lamp.

PRODUCT SPECIFICATION

Light Source: **Tolomeo Faretto:** 1 x Max 12W E27 (Excluded)
Tolomeo Faretto Micro: 1 x Max 6W E14 (Excluded)

IP Code: 20

Dimming: **With switch:** Integrated on/off switch on the product.
Without switch: Non-Dimmable.
