PRODUCT DESCRIPTION

Designer: Verner Panton

Verpan Fun-1WM Wall light

The Verpan Fun-1WM Wall light features carefully strung small seashell discs that naturally diffuse light through their delicately thin seashell material. This naturalistic yet functional design was thought of by designer Verner Panton on a trip to Malaysia where he discovered the dynamic ability of the seashells material.

The Verpan brand aims to re-imagine products and solutions that help us solve modern challenges, the Verpan Fun-1WM Wall light is a perfect example of this re-imagining. This lamp is perfect down a corridor or bedside as the light it emits is calming and beautifully diffused.

This wall light comes with a cable and plug so needs to be installed near a socket. Alternatively, it can be hard-wired into the wall by a qualified electrician.

PRODUCT SPECIFICATION

Light Source: 1 x max 60W E27 (excluded)

IP Code: 20

Dimming: In line on/off switch included on cable

Dimensions: Ø40cm
