Kartell Bubble Club Sofa

A pioneering new approach to the traditional furniture, the Bubble Club is a minimalist reinterpretation of the sofa. Philippe Starck designed the Bubble Club furniture for Kartell, who in turn undertook research to allow for mass productions of a traditionally handmade furniture.

The Bubble Club is a comfortable two seated sofa with curvy and soft lines especially around the armrest. The sofa's soft design reminds us of the furniture you would find in your grandparent's living room. The Bubble Club, which includes also an [armchair](#) in the same colour options, is a great choice for garden furniture, by the pool or the patio. The choice of material means the Bubble Club can withstand all weather conditions. The Bubble Club furniture is available in 6 colours; zinc white, light grey, ochre, powder, green and black.
