Mooodi Rabbit Table Lamp

The Rabbit Table Lamp by Front is an expressive lamp designed by Swedish studio 'Front'. Taken from nature and presented as a functional lighting solution, the Rabbit is described as "faithful to the true dimensions of the animal, bringing a touch of nature in fairytale style and genuine madness." The table lamp showcases Front's experimental and explorative approach to design, although the studio admits that people will either love it or hate it.

When lit, the rabbit's body is bathed in a warm glow, evoking the feeling of soft, warm fur. The shade directs light upward and downward into a functional lighting that adds a cosy ambience to the surrounding space. The Rabbit Table Lamp is perfect for adding functional light and a cheery personality to bedrooms, studies, and sitting rooms. Display with the [Horse Floor Lamp](#) or [Pig Table](#) to create a truly showstopping installation that is guaranteed to leave a lasting impression.
